

# Feast of St. Francis

May the fruits of this Season of Creation be evidenced in our lives, bringing forth a new awakening, full of joy and anticipation – an unwavering commitment to that which beckons us, an emerging future, a new creation that does not yet exist!

May your days be filled with peace, love, and hope. Know that you are in our prayers as we celebrate this day.

## **Blessings on this Feast of St. Francis**

**Srs. Sarah, Leandra, and Alicia**  
and the Sisters and Associates of Sacred Heart Province
