**99 Sustainable Swaps To Incorporate Into Your Daily Routine – The Good Trade:**  
<https://www.thegoodtrade.com/features/sustainable-living-tips>

1. Cut stained or torn t-shirts into rags for cleaning or on your Swiffer.
2. Take a reusable tote to the grocery store or farmer's market instead of wondering 'paper or plastic?'
3. Write an email to your town's leadership advocating for more eco-friendly practices (like more accessible composting),
4. Wrap gifts with newspapers, packaging, or magazines in place of disposable wrapping paper.
5. Eat lunch with reusable cutlery or a set from home wrapped in a cloth napkin.
6. Switch your iced coffee from single-use plastic cups to mason jars or upcycled pasta jars.
7. Switch your battery-operated items to rechargeable batteries.
8. Bring a silicone or reusable container to restaurants rather than getting to-go containers.
9. Hang-dry your laundry.
10. Choose regular shipping over expedited shipping when shopping online (and opt for fewer boxes when available!).
