"The sisters are settling in and figuring out where they go and when they go and what is happening. It will all come together in time. It is good to see them take part in some of the activities and the staff is good about taking them.

My new is working from my office – my bedroom or sometimes dining room. I'm trying to take it day by day as find my work hours. Time at Highland Park and working at home on the computer. I continue to keep people lined up for the Communion Prayer Services that Joan and I will start getting Associate Program going again after COVID.

The four of us are Marian Community so I would like to do "Sister stuff" with them special days, holy days, community meetings? and other times. It will all come together in time. Maureen keeps me busy she is not able to respond to letters or cards she receives so it is finding ways to help her.

Take care, Sr. Jane
