PRAYER REQUEST:

Sister Rita Cammack, General Minister, is asking for all our prayers as she continues to have some health issues. She says, "while I was in Indonesia, I had an acute episode of pain in my left knee due to osteoarthritis. After being treated in the hospital there, I am now back in Rome. I am walking better, and with less pain, though 'the problem' is not cured. I appreciate any and all of your prayers. Thank you!
