

Blessed Foundation Day, Sisters!

Mother Magdalen Daemon was continually led by the Spirit to interior conversion and life-long transformation, ever responding to the new realities of her world (offering her sisters this invitation today and into the future):

“Continue to move toward the love that never fails.
Let go of the old—stand in the gap—move into the future.” *Sr. Nancy Schreck, OSF*

Know God’s love through the gift of aging, maturing.

Know it is open to and an invitation to everyone—

You are loved by God, by me, by . . .

We are called to be one, in any place, at any time, in any age

Because of LOVE!

Inclusive,

Unconditional,

Open, inviting all, encompassing all, everywhere in all time.

Desire for this to be shared by all.

An eternal wish not limited by age or life,

We are called to establish a mean world with kindness!

To be a sign of hope—“to be poured into without becoming full

and to pour out without becoming empty” (Chuang-Tzu) . . .

without knowing how this is brought about. *Sr. Sarah Manchester, OSF*
